

Above and Below – Two Parks in One - Tying it all together!

Project Title	Above and Below – Two Parks in One - Tying it all together!
Project Summary	Searching for a creative, skilled writer, with an eye for graphic design who likes to research and is proficient at proofreading and editing their own work.
Country	United States

Project Description

Create Special Events posters for the following: Cave Sing (December), Black History Month (February), Women’s History Month (March), Wildflower Day (April), Jr. Ranger Day (April), Cave and Karst Day (June), Bat Day, Night Sky Programs, Archaeology Day (TBD), Cemetery Hike (TBD).

Develop promotional posters for Evening Programs, Surface Hikes and other surface activities. These posters would include program description, time, location, and park staff giving the program.

Design Visitor Center opening/closing signs updating as seasons change.

Design and develop bulletin boards – Campground, Visitor Center, Trailheads – would include updating poster/flyers with current park information.

Convert various digital documents into fillable pdf forms (hiring checklists, reference questions checklists etc...).

Required Skills or Interests

Skill(s)

Design thinking

Editing and proofreading

Educational design

Graphic design

Infographic design

Research

Writing

Additional Information

Mammoth Cave National Park is home to the longest cave system in the world currently mapped at 412 miles and there is no end in sight! Not only do we have the longest cave system, but we also have over 70 miles of hiking/biking/horseback riding trails, and miles of the Green River and Nolin River for canoeing. We need creative, eye-catching designs and text to capture visitors attention to enhance their park experience by attending ranger led programs and special events. To learn more about Mammoth Cave National Park go to our webpage at www.nps.gov/mac
